

Gabriel Cristian Dragomir-Loga CV

GENERALS

Name: Mr. Gabriel Cristian Dragomir-Loga
Date of birth: 1964-04-18
Phone: +40-744-795897
E-mail address: gabidragomir2005@gmail.com
Address: 13 Septembrie Str. 5A / 4
City: Cluj-Napoca, Romania
Study level: University (graduated)
Domain of activity: IT Software
Professional level: 19 years

EXPERIENCE

Job title: IT Manager, OSS/BSS Specialist
Company, location: UPC ROMANIA, corporate
Period: 2006-10 <> present
Responsibilities, Accomplishments: I participated with the IT team in implementation of new IT projects. The main project was the project for replacement of old subscriber management systems with a new one. Main responsibilities I had in this project were in defining the requirements, reviews for functional and technical designs and in migration of data I owned (about 70 locations).

Job title: Software Application Manager, CATV
Company, location: Astral Telecom, corporate
Period: 2000-09 <> 2006-09
Responsibilities, Accomplishments: In principle the responsibilities were the same responsibilities like in Astral TV Group. I supervised the implementation of CATV subscriber management system in about 70 locations.

Job title: IT Department Manager
Company, location: Astral TV Group (main Astral TV and Storm TV), headquarters
Period: 1995-04 <> 2000-08
Responsibilities, Accomplishments: I coordinated the development of in-house subscriber management system. I coordinated the development of CATV Datamart, an automated solution. I coordinated implementation of CIEL ERP solution.

Job title: Trainer
Company, location: Applied Informatics Company (Territorial Computer Center) Cluj-Napoca
Period: 1990-07 <> 1995-03
Responsibilities, Accomplishments: Teaching in databases, operating systems, word-processing and software application development.

Job title: Engineer
Company, location: C.L.M.R. (cement factory), Turda
Period: 1988-09 <> 1990-06
Responsibilities, Accomplishments: System engineer in IT Office. I worked in the team which developed the billing system for sales department.

Job title: Lecturer
Company, location: Technical University Cluj-Napoca, Computer-Science Department
Period: 1990-09 <> 2007
Responsibilities, Accomplishments: Teaching students: seminars, laboratories, projects, courses.
Main domain are Databases and Database Applications but also Information Systems.
In the period 1997 <> 2007 I owned the courses 2nd and 3rd year College "Databases" Code: DBAS.104.AC.16.01-S4 and "Database Application Development" Code: DBAD.106.AC.16.01-S5 (<http://www.cs.utcluj.ro>).
A few of student's diploma projects (graduation projects) I conducted:
"Application for an Electronics Repair Studio" – implemented with PHP, Visual Basic and MySQL

“Direct Debit Application” – implemented with XML Web Services
“Student Evaluation in long-distance learning” – implemented with PHP and MySQL
“Virtual shop” – implemented with PHP and MySQL
“Replication in Database Applications” – implemented with Microsoft SQL Server 2000 and Visual Basic
“Application for administering house owner association” – implemented with Access and Visual Basic
“Application for lawyer cabinet” – implemented with Microsoft SQL Server 2000 and Visual FoxPro

EDUCATION

Technical University Cluj-Napoca , Msc. in CS degree, graduated 1988
