

VOLUNTEERING FOR EDUCATION

American International School of Transylvania (AIST) is a non-profit association, active in Maramureș and Satu Mare. Its main goal is to become *The Open Gate towards the World* for the children and youth in the northwestern part of Romania.

By implementing educational activities for more than 10 years, AIST aims to invest in the community and the local and international volunteers play a crucial role in this respect.

If you are between 18 and 30 years old, you have good communication skills and you like children, check out the volunteering opportunities AIST offers by means of nonformal education.

The service can last between 2 weeks and 1 year and it is fully funded by the European Commission through European Solidarity Corps Programme. Therefore, you can have accommodation, travel and living costs covered, plus the acquired knowledge and skills are included in a Youth Pass Certificate (valid at international level).
