

HABILITATION REPORT
dated on 29.08.2014

Last name & first name of the candidate: MARTIȘ Claudia Steluța

Title of the habilitation thesis: Electrical machines in electromechanical systems for sustainable development

Domain of the research: Electrical Engineering

The institution where the public presentation took place: Technical University of Cluj-Napoca

Strong points of the habilitation thesis:

- the scope of the research work is in the trends at European level;
- strong background in electrical engineering; - interdisciplinaryity of the topics; - implementation of the experimental set benches

Weak points of the habilitation thesis:

Number of acceptance votes: 3

Number of rejection votes : 0

The result of the vote. Comments/Conclusions :

The Jury agrees to grant the habilitation degree.

The habilitation jury :

President: Prof. dr. ing. Dumitru Toader

Member: Prof. dr. ing. Henao Humberto

Member: Prof. dr. ing. Marcel Istrate
