

The Technical University of Cluj-Napoca remains in one of the most prestigious World University Rankings

Last year, the Technical University of Cluj-Napoca; (TUCN) was included for the first time in the world university rankings by one of the most prestigious rankings in the world “Times Higher Education - World University Rankings”. The ranking for 2021 included TUCN in the 1001+ category, together with ten other universities from Romania.

This ranking includes over 1500 universities, from 93 countries and regions, and it is the most comprehensive and diverse ranking in the world. The performance criteria are based on 13 performance indicators, grouped in five analysis areas: teaching (learning environment), research (in reference to academic publications), international perspectives (staff, students, research) and knowledge transfer. The implemented methodology is based on the specificity of each domain.

The Technical University of Cluj-Napoca is on its way up in the world rankings. This remarkable result of the entire academic community confirms the righteousness of the management policies encouraging and supporting performance in education and research.
