

conect

Conference of Environmental
and Climate Technologies

CONECT 2022
11-13 MAY 2022
RIGA, LATVIA

Conference topics:

Sustainability of Technology Development
Renewable Energy
Green Transport Systems
Biofuels and Alternative Fuels
Bioeconomy and Low Carbon Development
Smart Energy and Zero Carbon Technologies
System Approach Integration in Energy Sector
Resilience
Circular Economy and Eco-design

Climate Driven Solutions
Pollution Prevention
Energy Efficiency Improvement
Energy and Carbon Markets
Energy and Environmental Modelling
Energy Management, Policy and Economics
Heat and Power Generation, incl. District
Heating and/or Cooling
Resource Efficiency

Target audience:

PhD Students, Professors, Scientists and Researchers

Deadlines to remember:

Abstract submission: 5th of January, 2022
Key note speaker summary submission: 14th of January, 2022
Abstract acceptance confirmation: 1st of February, 2022
Deadline for papers: 21st of March, 2022
Early bird registration: 11th of April, 2022

The best papers of the Conference will be published in the internationally cited journal "Environmental and Climate Technologies" is indexed in Scopus and Web of Science.
