

*The second edition of the EUT+ Workshop on
Nanomaterials and Nanotechnologies*

The Institute for Nanoscience and Nanotechnology of the European University of Technology (EUTINN) is delighted to organize the **second edition of the EUT+ Workshop on Nanomaterials and Nanotechnologies**. A call for abstract amongst the 8 partners of the European University of Technology / EUT+ is open.

This workshop will be in hybrid mode both on-site at UPCT (Cartagena, Spain) and online with different sessions over two days and a half and each presentation will be between 12 to 20 min.

Find attached the call for abstracts, with a deadline this Friday December 3rd, and the abstract template.

Abstracts can be sent to your local EUTINN point of contact or to javier.cerrillo@upct.es.
