

***CONNECT 2023 - XVI International Scientific Conference of Environmental
and Climate Technologies!***

CONNECT Conference has been held since 2008 and annually brings together scientists, researchers, PhD students and professionals from all over the world. The conference's purpose is to acquaint participants with achievements in area of energy systems and environmental engineering and to give an opportunity to exchange and share experiences and publish research results.

The three-day event will feature an impressive line-up of speakers from around the world in **Plenary and Panel sessions** on the following themes:

- Environmental and energy policies and frameworks
- District Heating
- Energy Efficiency
- Renewable Energy Technologies
- Biotechnologies
- Low Carbon Development and Bioeconomy
- Bioresources
- Sustainability and resilience

Topics covered will include, but are not limited to:

- Climate Policies
- Added Value Products
- Biodegradable Byproducts
- Bioeconomy Management
- Bioeconomy politics
- Biofuels, Biofuels and Alternative Fuels
- CO2 management
- Energy and Carbon Markets
- Energy and Environmental Modelling
- Energy Efficiency Improvement
- Energy Management, Policy and

Economics:

- Energy Sector Policies
- Green Transport Systems
- Heat and Power Generation, incl. District

Heating and/or Cooling

- Pollution Prevention
- Resource Efficiency, Circular Economy and

Eco-design:

- Smart Energy and Zero Carbon

Technologies

- Sustainability of Technology Development
- System Approach Integration in Energy Sector

Conference is organised by the Institute of Energy Systems and Environment, Riga Technical University. In addition to Plenary and Panel sessions several social events will take place during the Conference, including: **Innovative Industrial Pilot tour, Poster session and Virtual exhibition, Scientific Workshop, Social dinner** and more. The best conference papers are published in the international scientific journal “Environmental and Climate Technologies”. The journal is indexed in Scopus and Web of Science.

Key dates:

Abstract submission - 15th January, 2023

Abstract acceptance confirmation - 15th February, 2023

Paper submission - 1st March, 2023

Poster submission - 15th April, 2023

Registration:

- Early bird fee (until 31.03.) 500 EUR
- Early bird fee – students (until 31.03.) 300 EUR
- Regular fee 600 EUR
- Regular fee – students 400 EUR
- Regular fee – accompanying person/ listener 250 EUR*
- Payment on the day of the conference Regular fee + VAT 21%
- Extra page of the paper 50 EUR **

The registration fee covers a publication of the paper, admittance to all sessions, refreshments, lunches and the conference social event.
