October - December 2015:	Additional interviews as needed
January 2016:	Semi-Finalists notified
February 2016:	GMAT/TOEFL Exams
March 2016:	Final selection and notification of scholarship winners
March-May 2016:	Visa, university applications and logistical arrangements
May 2016:	Enrollment

- Each of our participating U.S. universities prefers that the MBA candidates have some work experience preferably 1-2 years. This is not an absolute requirement but will make a difference in the selection process. We will also consider less work experience when combined with good internship experience.
- Applicants should be encouraged to have all materials as complete as possible in the initial screening. The application form MUST be completed on or before September 15. The more information we have early in the process facilitates selection.
- We will conduct interviews in-person and via Skype. We want to meet the applicants in person for the first interview. Detailed information regarding applications and related material is on our website www.hungary-mo.org.
