În atenția: Doamnei Rector / Domnului Rector

Ref.: atelier de lucru pe tema utilizării energiei solare și eoliene – Lanzhou, Republica Populară Chineză, 5 – 24 Septembrie 2018

Stimată Doamnă Rector,
Stimate Domnule Rector,

Prin prezenta, dorim să vă informăm, că în perioada 5 - 24 Septembrie 2018, la Lanzhou, Republica Chineză, se va organiza de către Institutul Chinez de Cercetări în domeniul Surselor Naturale de Energie GNERI (Gansu Natural Energy Research Institute) Atelierul de lucru pe teme de energie solară și eoliană „2018 International Training Workshop on Solar and Wind Energy”.

Cursurile se vor desfășura la Centrul Chinez pentru Energie Solară din Lanzhou, capitala provinciei Gansu.

Având în vedere faptul că fiecare stat participant poate trimite maxim 3 candidați, participanții vor fi nominalizați de guvernele statelor aparținătoare. Participanții trebuie să aibă vârsta mai mică de 45 de ani, o stare bună de sănătate, studii medii sau superioare și cel puțin 2 ani de experiență în domeniu, mai multe informații găsiți în documentele atașate.

În contextul celor mai sus menționate, vă adresăm rugămintea să ne transmiteți datele persoanelor nominalizate din universitatea pe care o reprezentați împreună cu documentele solicitate la punctul 9 (1), în vederea selecției și nominalizării celor trei persoane pe care România le poate trimite, la următoarele adrese de e-mail: dgis@edu.gov.ro și mari.grebenisan@edu.gov.ro.

Vă mulțumim doamnă/domnule rector și vă asigurăm de întreaga noastră considerație.

ENROLMENT INFORMATION

2018 International Training Workshop on Solar and Wind Energy Application

September 5th - September 24th, 2018

"2018 International Training Workshop on Solar and Wind Energy Application" is a training course for developing countries that is under the program of Chinese government aid to foreign countries. This workshop is held by *Gansu Natural Energy Research Institute (GNERI)* entrusted by the Chinese Ministry of Science and Technology and financed by the Chinese Government.

Solar and wind energy are clean, efficient, new and never exhausted energy. The Chinese government keeps developing solar and wind energy to be important contents of the nation. The solar water heater, solar building, photovoltaic power system and wind turbine etc. have been developed and applied in everywhere, winning the worldwide attention. In particular, the solar water heater techniques have got rapid development and obtained the most extensive application. It is one of the most successful examples in developing renewable energy industrialization since 1970s in China. China has become the largest country of producing and consuming the solar water heaters in the world. The studies and application of solar and wind energy technologies in China have already achieved at a higher level. The solar and wind energy industry develops quickly and gradually gets matured, becoming one of the focuses of the world. Not only the quantity but also the quality of solar and wind energy products are all achieved or near to the global advanced level, some technologies of application are in the first of the world.

Gansu Natural Energy Research Institute (GNERI) founded in 1978, is mainly engaged in the studies and application of new and renewable energy particularly solar energy technology, domestic and foreign technical cooperation and training, technical consultation and exchange, new product research and development on solar energy, technology promotion and transfer on solar energy in particular. At present, GNERI has already become one of the leading national research agencies; its academic level has been powerful to national advanced ranks and also well-known over the world. It is one of the main founding member units of the China South-South Cooperation Network, one of the "International Science and Technology Cooperation Base" granted by the Ministry of Science and Technology of People's Republic of China and an Associated Institution of United Nations University, as well as one of UNIDO's agencies for technology promotion and transfer, which is mainly committed to transferring mature, practical and advanced solar and other renewable energy

technologies of China and the whole globe for the contributions to the human ecological protection, energy construction and sustainable development and so on. GNERI consists of the Administration Office, Division of Research and Development, Division of Technology Consultation and Training, Division of International Cooperation for Technology Promotion and Transfer and Division of Finances, Research Lab of Solar Thermal Technology, Research Lab of Solar Photovoltaic Technology, Research Lab of Building Design of Solar Energy, Research Lab of Solar Water Treatment, Research Lab of Application of Wind Energy, Research Lab of Biomass Energy, Research Lab of Energy Saving, Research Lab of Rural Energy, Testing Center for Solar Product Performance and Quality Inspection, Network Center for Solar Energy Information and 10 laboratories concerning different fields. GNERI also owns two Experiment and Demonstration Bases of Solar Energy, three development entities and one Solar Building Design Institute.

Since 1991, GNERI has successfully held International Training Workshop on Solar Energy Application 74 times and trained more than 1700 technical talents for 132 countries in the five continents with the support of the Chinese Government and the related international agencies.

1. Objectives

Through theoretical and site study, participants will be able to master the basic theory and practices of solar and wind energy technologies. It is helpful to improve the participants' ability of scientific research and technical ability in carrying out field experiments on renewable energy application.

2. **Date and Duration** September 5th—September 24th, 2018

3. Venue

Solar Energy Center,
Lanzhou City, Gansu Province, P. R. China

4. Course Contents

Lectured courses are:

- | | |
|----------------------------------|---|
| 1). China's Laws and Regulations | 2). China's National Condition |
| 3). Solar Radiation | 4). Solar Collector and Hot Water Systems |
| 5). Solar Buildings | 6). Photovoltaic System & Applications |
| 7). Solar Cookers | 8). Solar Drying Technologies |
| 9). Wind Power Technology | |

5. Training methods

Prelect, experiment, practice, demonstration, special subject academic report, visiting, investigation, discussion and report etc.

6. **Language of Instruction** English
7. **Participant's Qualifications and Requirements for Admission**
Participants are requested:
- 1) To be nominated by his/her related government departments;
 - 2) To be under 45 years old;
 - 3) With minimum educational background of college graduates or higher with a minimum of two years' practice in the profession;
 - 4) To be in good health conditions with no infectious diseases and not handicapped. Physically fit to all course activities;
 - 5) To be proficient in English reading, listening, speaking and writing;
 - 6) To prepare a review paper or report on introduction of solar and wind energy research and application of the participants' country and brief introduction of the participant's professional experiences for the purpose of exchange;
 - 7) Not to bring family members to the training course;
 - 8) To observe all the laws, rules and regulations of P. R. China and respect the Chinese customs during the training period. To abide all the regulations and the training schedule of the workshop: do not leave early or skip the class without reasonable reason; do not abandon the training and go back home country before the training workshop closing; do not involve in any activity which is negative to the social security and training workshop.
 - 9) Each country is admitted for 1-3 people
8. **Training Expenses**
- 1) Expenses for training, boarding and lodging, local transportation, pocket money of RMB 80.00 Yuan per person per day during the training period in China will be borne by the Chinese Government and distributed by GNERI.
 - 2) **Traveling expenses, including round-trip tickets and transfer fees from home place to Lanzhou city, China should be covered by participants themselves, or their respective Governments, or their employers.**
 - 3) The expenses of medical care, communication fees (such as long-distance call, fax, etc.), laundry and domestic salaries for the participants are to be borne by the participants themselves or their governments.
9. **Application and Admission**
- 1) The applicants should be nominated by their respective governments. The nominated participants are requested to prepare **Application Form, Recommendation Letter** which should be endorsed by the departments concerned of their respective governments, and submit with valid **Health Certificate** provided by authorized physicians or hospitals to GNERI for

- examination, recommendation and endorsement;
- 2) PLEASE Log into this website https://mostip.cisic.gov.cn/student_login.aspx to complete the online application and registration;
 - 3) After endorsement by the GNERI, Admission Notice will be issued to the accepted participants by GNERI through the related government departments of the participants. With the Admission Notice, the participants are requested to go through all necessary formalities for entering China and bring all the documents like Admission Notice, Application Form, Health Certificate to China on the registration date.
 - 4) After receiving the Admission Notice, the participants should contact with the Division of Technology Consultation and Training of GNERI as soon as possible to confirm the related information.

10. Liaison Office:

Gansu Natural Energy Research Institute (GNERI)

Attn: Ms. Liu Wei, Ms Liu Qiong

Address: No.20, Renmin Rd, Chengguan District, Lanzhou, P. R. China, 730046

Tel: +86-931-8386006, 8386200 Fax: +86-931-8386614

Mobile: +86-15117279929, +86-13669393627

Web: www.unido-isec.org

Email: liuqiong@unido-isec.org liuwei@unido-isec.org

11. Application Deadline: July 4th, 2018

APPLICATION FORM for International Training Workshop on Solar and Wind Energy Application

Name of Program: International Training Workshop on Solar and Wind Energy Application

Sponsor: Chinese Ministry of Science and Technology

Organizer: Gansu Natural Energy Research Institute (GNRI)

Address: No.20, Renmin Rd, Chengguan District, Lanzhou, P. R. China, 730046

Tel.: +86-931-8386200, 8386006 **Fax:** +86-931-8386614

Web: www.unido-isec.org

Email: qishangmin@unido-isec.org ; liuwei@unido-isec.org

I. Basic information of applicant

1. Family Name: _____

Given Name: _____

2. Sex: male female

3. Date of Birth: _____

4. Place of Birth: _____

5. Nationality: _____

6. Religion: _____

7. Marital Status: _____

8. Health Condition: _____

9. History of Infectious Disease: No Yes

If yes, please specify: _____

10. Postal address: _____

Phone: _____ Fax: _____ E-mail: _____

11. Passport Number: _____

The city in your country you can apply for visa: _____

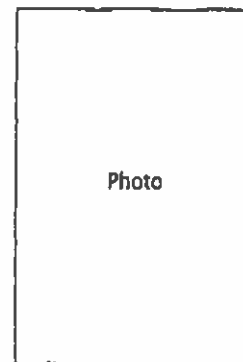

12. Permanent address: _____

13. Person to be contacted in emergency: _____

Name: _____ Address: _____

Phone: _____ Fax: _____ E-mail: _____

14. Person to be contacted in China (if you have no close friend in china, you can

write Mr. Li Shimin in the blank):

Name: _____ Address: _____

Phone: _____ Fax: _____ E-mail: _____

15. Work experience (starting from current position):

Date	Position	Brief description of duties
_____	_____	_____
_____	_____	_____
_____	_____	_____
_____	_____	_____

16. Educational and/or professional qualifications:

Date	Level	Awarding Institution
_____	_____	_____
_____	_____	_____
_____	_____	_____

17. Language Proficiency:

Mother Tongue: _____

English proficiency (Please tick):

- Reading: excellent, good, fair, poor
- Listening: excellent, good, fair, poor
- Speaking: excellent, good, fair, poor
- Writing: excellent, good, fair, poor

18. State why you plan to attend the workshop and indicate the practical use of the workshop for your future work.

II. Insurance

I fully understand that the workshop organizers do not take any responsibility for risks such as loss of life, accidents, illness, loss of property, theft etc.

Clarification

Thank you for your interest in this workshop. Here we would like to make some clarifications about the expenses:

Chinese government WILL cover the following expenses:

- 1. training and education expenses in China
- 2. accommodation in China
- 3. meal (refers to the meals served by the organizer) in China
- 4. allowance (RMB 80 per day)
- 5. Insurance during the seminar

We DO NOT cover the following expenses:

- 1. International flight (refers to the round trip air ticket from your capital city to Lanzhou and the way back)
- 2. Visa fee and transit visa fee
- 3. Local transportation within your country
- 4. Medical bill for chronic disease, beauty jobs, massage, and false teeth planting
- 5. Local transportation expenses for activities not organized by the organizer
- 6. Accommodation & meals during the international flight
- 7. The fee for rescheduled flight due to personal reason

I certify that I have answered the above questions truthfully and completely to the best of my knowledge. I agree to report any relevant alteration in the information given above. I pledge to observe all the Chinese laws and regulations and will respect the local customs during my stay in China for the training course.
