

Announcement - DeepMind Scholarships Selection 2025-2027

Cluj-Napoca, September 29, 2025

Dear Students,

The Technical University of Cluj-Napoca, Faculty of Automation and Computer Science, announces within the framework of its partnership with DeepMind, a world leader in artificial intelligence research, the competition for awarding two DeepMind scholarships for the academic years 2025–2027.

Applicants must meet the following conditions:

- Be residents of a European Union member state
- Be enrolled in the Master's program in Artificial Intelligence and Vision (IVA) at the Technical University of Cluj-Napoca, Faculty of Automation and Computer Science (starting with the academic year 2025–2026), with a specialization in Machine Learning
- Belong to an underrepresented group in Artificial Intelligence consisting of persons from a disadvantaged socio-economic background.

Those interested and who meet the above conditions are kindly asked to send a CV, a letter of intent, and documents proving their disadvantaged socio-economic background (letters a, b, c of paragraph 1, Article 16 of the UTCN Scholarship Regulation dated 31.10.2018) to the email address: Sergiu.Nedevschi@cs.utcluj.ro no later than October 8, 2025.

The selection of candidates and their interviews will take place on October 10, 2025, at 15:00 on TEAMS. The results will be published on the Department of Computer Science website (<http://cs.utcluj.ro>). Any appeals will be accepted within 24 hours.

IVA Program Coordinator: Prof. Dr. Eng. Sergiu Nedevschi
