

*A dynamic approach to
product development.*

We are looking to fill the following positions at our office in Cluj:

Complete Vehicle Development Engineer (m/f)

COMPANY DESCRIPTION

ARRK Research & Development S.R.L. is a part of the internationally recognized P+Z Engineering GmbH. In Cooperation with P+Z Engineering GmbH, ARRK Research & Development S.R.L. is a leading provider of engineering services for the product development process. For over four decades, we have provided active product development support to customers from the automotive, aviation, aerospace, machine-building, energy, special vehicle, and medical engineering industries. Our five areas of competence are Design, CAE & Simulation, Test & Validation, Electrics & Electronics, and Project & Quality Management.

KEY ASPECTS OF YOUR JOB:

- concept/ series development of body & white parts, engine peripherals and powertrain elements
- design with the help of CATIA V5 of sheet-metal, stamped parts of the BIW such as bonnets, trunk lids, roof, door reinforcement parts, A-B-C pillars etc.
- development of insulating blankets/foam for gearbox ,air-ducts, plastic and metal brackets, tubes and hoses for heating/cooling systems, die cast and injection molded parts, small elastomer elements
- elaborating technical documentation according to customer requirements
- you will work in close co-operation with our existing team, however we expect you to work independently and be open to change

YOUR QUALIFICATIONS:

- An engineering degree in mechanical- automotive engineering or equivalent is required
- Ideally you have working experience in the automotive industry
- You are confident in using CATIA V5
- Proficient use of MS Office tools
- Experience with OEMs is a plus
- Good organizational ability and communication skills (English or German spoken and written is mandatory)

INTERESTED?:

If so, please send us your application with a letter of intention, CV and a copy of your supporting documents in either English stating your salary expectations and earliest possible start date, by e-mail to career_romania@puz.de. Please quote the job reference number: RO-KCHO-01

For more information about this position, our company or our development methods, please visit our website (www.puz.de)
