

*A dynamic approach to
product development.*

We are looking to fill the following positions at our office in Cluj:

Interior/Exterior Development Engineer (m/f)

COMPANY DESCRIPTION

ARRK Research & Development S.R.L. is a part of the internationally recognized P+Z Engineering GmbH. In Cooperation with P+Z Engineering GmbH, ARRK Research & Development S.R.L. is a leading provider of engineering services for the product development process. For over four decades, we have provided active product development support to customers from the automotive, aviation, aerospace, machine-building, energy, special vehicle, and medical engineering industries. Our five areas of competence are Design, CAE & Simulation, Test & Validation, Electrics & Electronics, and Project & Quality Management.

KEY ASPECTS OF YOUR JOB:

- Development of exterior injection molded parts such as pillar trims, rear quarter panels, front and rear bumpers, grilles
- Design of interior components like elements of the center consoles, dashboard,
- door trims
- Documenting projects and presenting results, nevertheless coordination with the development partner
- Independent interfacing and supplier management as well as openness for deployment
- Concept development, functional design, optimizing and feasibility analysis of particular environments

YOUR QUALIFICATIONS:

- An engineering degree in mechanical- automotive engineering or equivalent is required
- Knowledge of injection molding/manufacturing technologies
- Proficient use of CATIA V5 or NX – parametric modeling, assembly design and experience in detailing/drafting
- Proficient use of MS Office tools
- Good organizational ability
- Communication skills in English and/or German (written and spoken) mandatory

INTERESTED?:

If so, please send us your application with a letter of intention, CV and a copy of your supporting documents in either English stating your salary expectations and earliest possible start date, by e-mail to career_romania@puz.de. Please quote the job reference number: RO-KJB-01
