Why YONDER GROWTH ACADEMY?

We take Internships to the next level, in order to create an experience of learning and personal development.

Our wish is to transform together the regular internship into a "Wow Internship":

- We combine applied learning with the experience of real projects;
- You'll get the chance to fully experience life in an IT company;
- Team buildings, fun activities, social events and hackathons are also a part of our internship experience;
- You will benefit from having experienced mentors guiding you and helping you achieve your learning goals.
